

QUALITY POLICY

PSV BRASIL, operating in the **Trade of Industrial Valves and Industrial Accessories**, is committed to conducting its activities with ethics, responsibility and a focus on continuous improvement, ensuring the conformity of its products and the satisfaction of its customers.

Our policy is aligned with the **strategic direction of the company**, which seeks sustainable growth, market competitiveness and consolidation as a benchmark in quality and reliability.

To fulfill this commitment, **PSV BRASIL** adopts the following principles:

Continuously pursue excellence in the sale of products, improving the processes of the Quality Management System (QMS) to ensure conformity, on-time delivery and customer satisfaction;

Consistently meet customer requirements, as well as the legal, regulatory and normative requirements applicable to its scope of activity;

Identify, assess and address risks and opportunities that may affect product conformity or customer satisfaction, promoting the effectiveness of the QMS and the sustainability of the business;

Continuously train and raise awareness among employees so that they understand the relevance of their activities and actively contribute to the results and strategic direction of the organization;

Select and evaluate suppliers of products and services, ensuring performance aligned with the quality standards of PSV BRASIL and its growth strategy;

Periodically review this Policy and the quality objectives, ensuring their suitability, adequacy and alignment with the context and strategies of the organization.
